

ORBIS EDUCATION AND CARE LIMITED

Gender Pay Reporting

At Orbis Education and Care Limited we provide a workplace that is fair, diverse and committed to treating all staff equally. We are dedicated to ensuring equal pay for male and female colleagues throughout the business and this is reflected in the gender pay gap report identified below.

The Gender Pay Gap is a method of identifying if there are any gaps in pay between men and women by using a set of calculations prescribed by legislation. These figures provide an overview of the gender balance within our business by comparing the mean and median earnings for both sexes, regardless of role and seniority.

At Orbis Education and Care Limited we have a number of roles which have fixed pay scales, for example; Teachers, Support Workers and Learning Support Assistants. Men and women are paid equally for these roles and the only difference in earnings would be down to location, qualifications or experience. More specialist / senior roles may attract a variance in pay which is based solely on an individual's expertise and qualifications regardless of gender.

2022 Gender pay gap report

Registered address:

Vision Court Caxton Place, Pentwyn, Cardiff, Wales, CF23 8HA
